ARIZONA CHILDREN OF INCARCERATED PARENTS BILL OF RIGHTS PROJECT

MANUAL OF STRATEGIES

December 2007

The Manual of Strategies of the *Arizona Children of Incarcerated Parents Bill of Rights Project* highlights policies, practices and programs that are currently being implemented across Arizona and the United States to benefit children affected by parental arrest and incarceration.

The *Manual* is designed to serve as a vital reference to inform a data-driven approach to developing or enhancing Arizona's local and state protocols and policymaking to improve outcomes for children of incarcerated parents. Also, it may serve as a reference for other groups working to improve conditions for children of prisoners.

The Pima Prevention Partnership maintains a library of substantive descriptions of the following resources and also recommends the comprehensive services link sponsored by the state of Oregon: http://egov.oregon.gov/DOC/PUBAFF/oam_links.shtml.

Karen McBeath researched model programs, practices, and policies for this manual. For additional details on each source, please contact Karen McBeath, Project Coordinator, at 602-251-3171 X4103 or kmcbeath@thepartnership.us.

Every effort has been made to ensure the accuracy of webpage and other contact details. Feedback and updates are welcome.
